Hi Sheila, thanks for your patience. Here is the new TD. Please let me know if clarification is needed.

I have a phone meeting with RCAC coming up on Dec 2 at 2 pm Pacific Time. RCAC will share what they have already done toward establishing the costs of drinking water provision for the tribe and what remains to be done. Please let me know if either of you would like to join that meeting.

Finally, I told the Tribe I would check with you on whether the TASC contract can be used to pay for actual infrastructure repair work or to manage contracts for infrastructure repair work. They have had a new funding crisis emerge and are looking for any and all money. I told them I did not think it would be allowed but that I would check with you.

Please feel free to call if it's easier to touch base via phone. I am working full days tomorrow and Friday.

Thank you,

Wenona Wilson
